# Market News

**NEW YORK, March 29.**—The uncertainty and frequently erratic course of prices in the stock market today was dominated to an extraordinary extent by widely divergent developments of import business. The decision of the American Telephone and Telegraph directors to increase the rate of annual dividends on common stock from 8 to 9 per cent came as a pleasant surprise in view of the company's conservatism and because the general trend has been altogether to the contrary.

On the other hand, announcement that the leading copper producers, such as Anaconda, Utah and other affiliated companies had ordered suspension of operations, testified anew to the extreme depression in the metal industry.

Leading issues were irregularly lower in the first part of the session, recessions among steels, equipments and oil running from 1 to 4 points, with Harvester and Houston Oil as the weakest features.

On the recall at mid-day American Telephone rose six points, kindred utilities gaining 1 to 2.

In several instances these were extended before the finish, telephone recording of 81 points.

Rails came forward briskly in the later dealings, advancing 1 to 2 points on the news that President Harding is to call a conference to consider the general telephone situation.

Sales \$50,000 shares.  
Call money again fell from 6 1/2 to 6 per cent but most of the day's money was placed at the higher figure. Many times loans were renewed into May and June at 7 per cent.

American Telephone convertible sales rose 4 1/2 and the 4 and one-half 6 1/2 points. Otherwise the bond market including Liberty and international issues was irregular. Total sales par value \$7,500,000.

**CHICAGO, March 29.**—Apprehension that freezing weather had done considerable damage to the new crop led to material upturns today in the price of wheat. A leading expert, however, declared that unless the roots were injured no more than a few bushels would be lost. The market would result from a run of a mow over a lawn. He said new shoots and ample growth would follow. Hardly a 1/2 cent, which ranged from 1/2 to 2 1/2 cents higher with the wheat strength. After opening 4 1/2 to 5 1/2 higher, ending at 4 1/2 to 5 1/2, the market eased off a little and then hardened again.

Oats were firmer with other cereals unchanged to 1/2 cent higher. May 40 1/2 to 41 1/2 and continuing to average above yesterday's finish.

Weakness in the hog market operated as a drag on provisions.
